

Critical hires across your  
Health & Safety,  
Environmental, and  
Sustainability functions.

A background photograph of a construction site. In the foreground, a person wearing a yellow hard hat and a dark jacket is seen from the side, pointing with a yellow pencil towards a large, complex steel structure under construction. The scene is illuminated by bright sunlight, creating a lens flare effect. The background shows various steel beams, scaffolding, and structural elements of a large building or industrial facility.

# WHY PARTNER WITH US

Our honest, knowledgeable and straight-forward approach is key to our success – it is the reason companies trust us time and time again to recruit HSE professionals on their behalf, and the reason HSE professionals trust us to point their career in the right direction. Our current team of 6 Consultants hold over 60 years combined recruitment experience in the HSE market alone.

Proven strategies to widen, deepen and strengthen our talent pools, our expert teams hold over 60 years safety recruitment expertise.

Our expertise spans a broad and varied client base that engages us on retained, interim and executive search campaigns across the UK & worldwide.

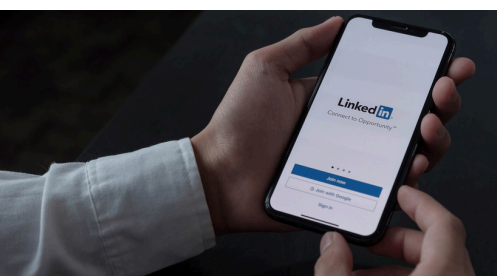

We cover a wide spectrum of Health & Safety domains ; Safety Management, Occupational Health, Mental Health & Wellbeing, Risk Management, Environmental & Sustainability, and System Implementation & Accreditation.

We hold significant on and offline media following due to our industry reports and market research, giving access to a network unseen in our sectors.

We have access to a network of over **180,000** Safety & Sustainability professionals via both, active, established routes and our extensive social media presence.

Every campaign concludes with a comprehensive "post-project report." This detailed analysis encompasses key recruitment analytics, diversity data, and brand perception insights. Data not only informs our decisions but also empowers our clients to attract diverse talent pools in the future.
